By **Melissa Chapman**

October 29, 2009, 3:42PM

If you had a chance to read this week's Kids in the City column, **Halloween Extravaganzas** you're well aware that I'm all about gearing up the kiddies for some SPOOKALICIOUS FUN!

My kids are going to be dressed as Superheroes care of **Spirit Halloween** which truly offers a veritable feast of Halloween riches, costumes, accessories and pretty much ANYTHING you need to create the ultimate spooktacular Halloween experience! My kids have actually been dressing up every day in preparation for the big Halloween reveal and truthfully I think they're probably going to sleep in their costumes tonight so that as soon as they spring from their beds in the morning they'll be ready to get their trick or treat on! How early can we start-- Ya think 6 am is too early?!

So if you're still in the market for creating a Halloween adventure of your own and incorporating a bit of science into the mix because really- it can't just be about the CANDY CORN check out these TOTALLY Fun hands-on science activities from **Champions Science Adventures™** to engage your child in discovery learning.
